Cell number : 0680596766

Address : Kwazulu-Natal, Pinetown

Key Credentials

- I am a recent graduate at the Durban University of Technology, studying to obtain a degree in Information Communications and Technology (BINCT).
- I am currently studying to obtain my Honours degree in ICT at the Durban University of Technology.
- The BINCT course covers various subjects such as, Business Fundamentals which has developed entrepreneurial, managerial and teamwork skills through projects, Programming Languages and Software Development have allowed for the development of skills in the IT field.
- The Honours course hones my research skills with my research project enhancing my skills with cybersecurity and machine learning.
- My computer skills include an understanding of Java and Python, as well as experience with

Web development, Application development and a variety Office applications such as PowerPoint, Word and developing PowerApps. With another skill being Virtual Reality

development which I've showcased in my most recent project to develop a beta VR Environment and present it to Old Mutual.

- Interactions with people have provided a basic understanding of IsiXhosa and IsiZulu.
- Qualifications earned have also helped to develop good reading, writing, speaking, and interpreting English skills. I work great under pressure, I'm very persistence and I put hundred percent in whatever I do which is why I believe I'll be a great asset to the company.
